

EXPLORING EARLY LITERACY

Do you work with young learners who are building the foundation to become skilled readers?

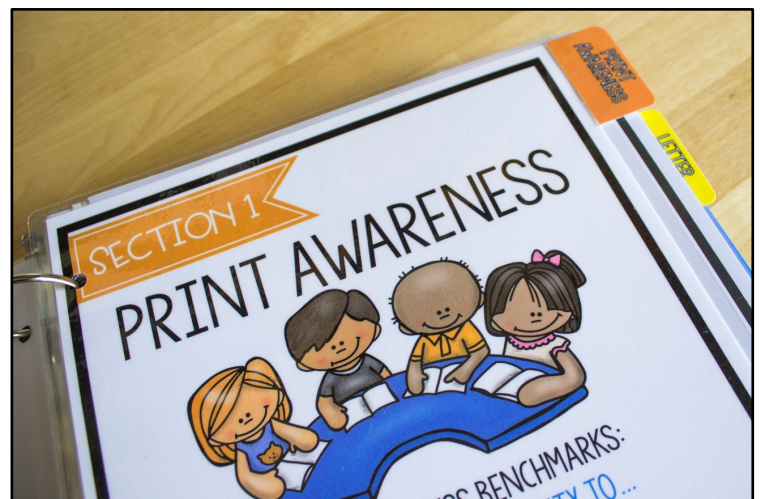

This resource addresses important building blocks that our pre-reading students will need to become successful readers including:

1. **Print Awareness**
2. **Letter Knowledge**
3. **Letter Sounds**
4. **Handwriting**

How is the resource structured? Let's take a look on the next page!

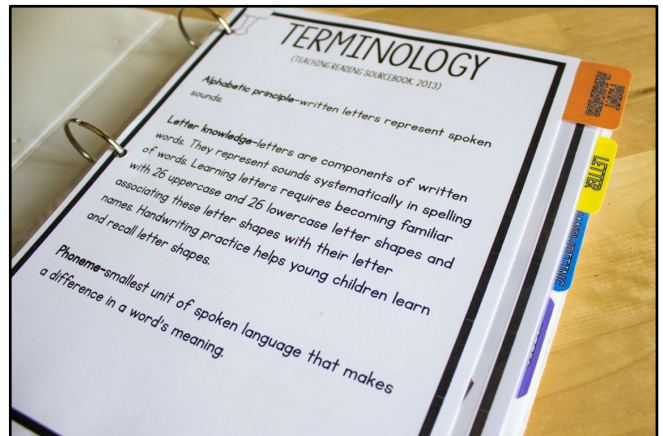

Easily create a binder to store your resources using the included binder cover, spines, divider pages, and tabs. Effective instruction can be right at your fingertips!

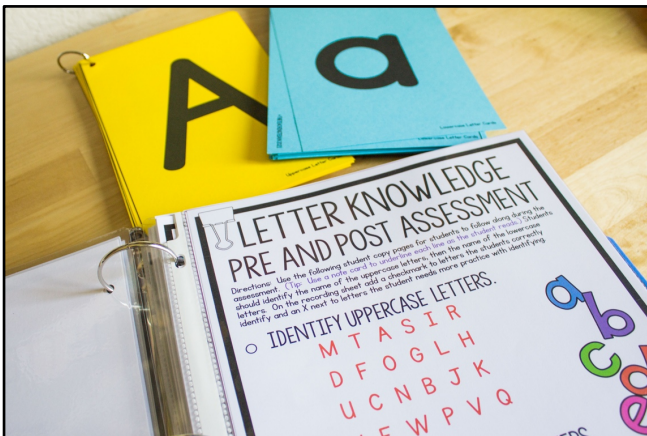

EXPLORING EARLY LITERACY

This resource is broken into 4 sections including print awareness, letter knowledge, letter sounds and handwriting. Each section begins with a short pre/post assessment so you can determine areas of need and track student mastery.

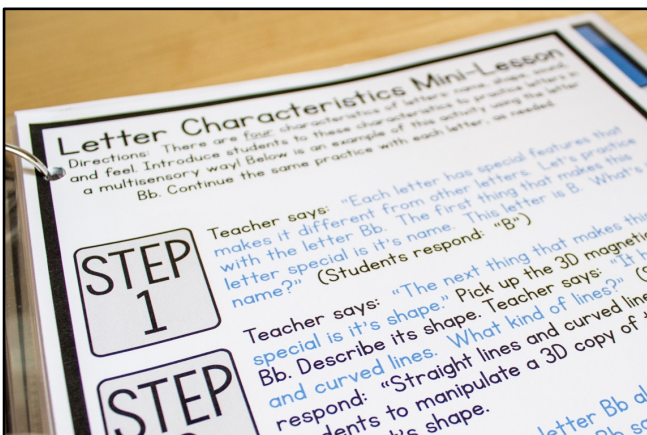

A helpful terminology glossary is included!

Ready for targeted instruction without the guesswork? Utilize the mini-lessons in each section to provide the support and practice your students need. The mini-lessons walk you step-by-step through your instruction.

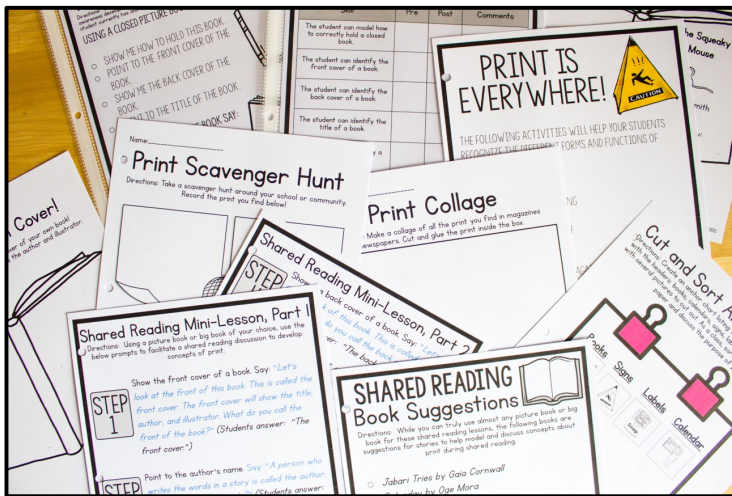

Based on assessment data, select from printable activities that can be completed whole group, small group or independently.
