

KINDERGARTEN VALENTINE'S MATH GAMES

5 easy to use math games that make the perfect center activities to review skills you've been learning.

This set of **Valentine's math centers** includes the following skills aligned to CCSS and TEKS:

- Subitizing
- Comparing groups of objects
- Addition (Making 10 strategy)
- Skip counting by 10s to 100
- Composing shapes
- Addition and subtraction through word problems

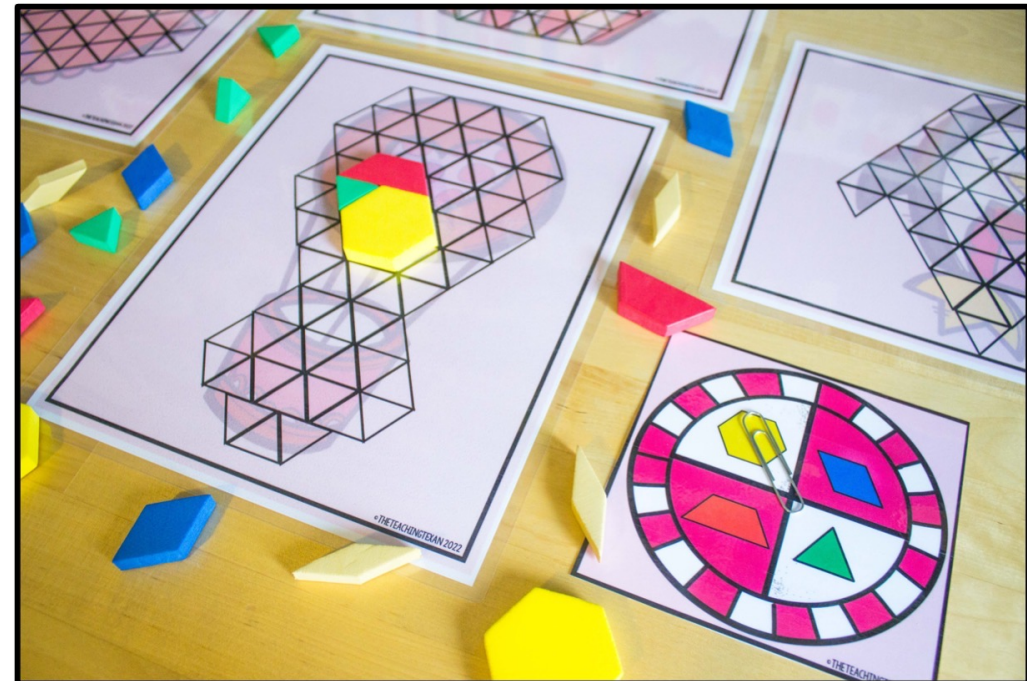

Each game included gives practice with a different standard!

Why do you need this?

Center time is the perfect way to give your students that **extra practice** they're needing with all the math skills you have been learning.

Allow your students to **master** important math skills with **confidence** using fun and **engaging games** in February. All the games are **low-prep** making them a **great addition** to your classroom routine.

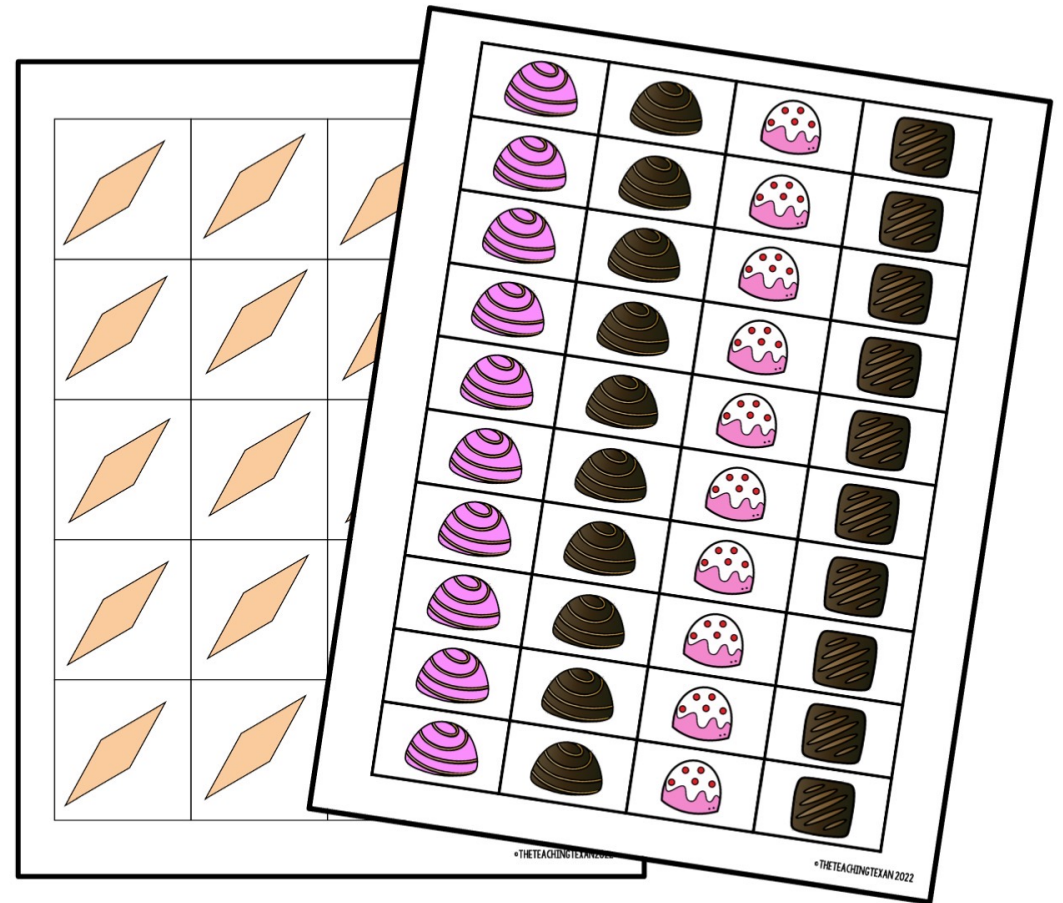

Super Simple to Set-Up & Use!

Mini eraser fan? Print your games and put your mini erasers to good use!

All games are made to require minimal preparation to be used!

All games also include **PRINTABLE** themed counters making them extremely low-prep and easy to use.

Save time planning centers all year

These just made my life easier and the kiddos' station time more fun!
Thank you!

LINDSAY V. ★★★★★

such a fun way to incorporate the holiday into what we're learning in math. My students had so much fun during their station time using this resource. Highly recommend!
